Create a passenger locator form account

This will make the form faster to fill in the next time you travel to the UK. We will save your:

- name
- contact details
- passport details
- address

Creating an account will mean we keep necessary parts of your information for up to 6 months after your last account activity. You may opt out of your account should you no longer wish to participate in the frequent traveller option. For more details on how we process your data see our [privacy policy](#).

You will need access to a mobile phone and email account to confirm your identity and sign in to your account. You will be sent a 6-digit security code via text message and then an email with a link. When entering your mobile phone number take care to include the country code. Ensure that you do not include the first zero in your mobile phone number.

If you do not want to create an account or you experience any issues, you can submit a PLF without creating an account.

Only create an account if you plan to make multiple trips to the UK in a given month.
